IGRUSHKA
design bureau

Design, meaningful

IGRUSHKA
design bureau

Design bureau Igrushka was founded on January 30, 2013.

By September 2015 we've copped with:

- Removing one time and replacing our manufacture
- Making a mistake during equipment purchasing twice
- Rebuilding our team thrice

But at the same time we've successfully managed to:

- Create 74 peculiar souvenirs and gifts
- Excogitate 6 fantasy-developing goods for kids
- Construct 8 exhibition stands ranging from 9 to 72 meters
- Build 4 movable layout of major buildings and manufactures
- Work out 83 packaging designs - from electronics to food;
- Produce and install 21 board signs or advertising constructions;
- Put into operation 8 large machines and 11 small additional devices;
- And the most important – to assemble a close-knit team of designers, engineers, artists, circuit designers, producers, machine operators and managers.

And what can we say looking back to our way?

We've made a cool way!

What do we work out in our design bureau Igrushka?

Lots of things which haven't existed before us...
But this catalog is about good gifts creation. Beautiful gifts. Useful gifts.
Sometimes good, beautiful and useful – all in one.

We put into them our enthusiasm for life, personal experience and a great imagination. We experiment a lot and deliver you the best. And you see – we create things with soul. We create gifts, which make you to dream and remind childhood. They distract you from every-day routine life. Look, which one reminds you your childhood. "Office soldiers" reminds you how naughty you was in elementary school? Maybe "Elvis's cabriolet" or watch «Jimmy Hendrix» reminded you your youthful rock band? Then the set «Around the World» will remind you dreaming about opening your own restaurant. Our gifts are not expensive, but guaranteed bring you memories and take away sadness.

Present excellent gifts to those whom you appreciate.

Tair Mamedov,
DB Igrushka founder

A good bomb is for partners with a sense
of humor. A box in the form of an aircraft
bomb is easily transformed into a vase
with flowers, fruit or candy to your taste.
Glueless construction is held by a strap. It can
be used for reconciliation. Show your partner
the desire to build peaceful relations.
